SUMMARY

I am a dedicated and ambitious Computer Science student currently in my fifth semester at Universitas Multimedia Nusantara. The most recent activities I am currently engaged in include studying at the university, being involved in organizations, and seeking internship opportunities. Throughout my college years, I have mastered several programming languages such as HTML, CSS, JavaScript, React JS, Next JS, Laravel, Ionic, and Kotlin. I have a strong desire to pursue a career as a front-end and back-end developer within a company.

SKILLS

Programming Typescript, Javascript, PHP, Java, C/C++, Python

Framework React, Laravel, Next JS, SvelteKit, TailwindCSS

Tools Git, GitHub, VSCode, Android Studio, IntelliJ, Figma

PROJECTS

PKM UMN

GPDI Hebron Gading Serpong

[Link to Website](#)

This is a website project in collaboration with the UMN Research and Community Service Institute for our church in Gading Serpong. In this project, my team and I had to redesign and rebuild the old website, implementing more modern frameworks and tools. My role in this team was to serve as the Front-end Engineer.

EDUCATION

8/2021 - Present

Universitas Multimedia Nusantara

Bachelor of Engineering in Computer Science (GPA: 3.57/4.0)

Collage

8/2018 - 5/2021

SMA Negeri 1 Putussibau

Natural Sciences Major

School

EXPERIENCE

12/2023 - Present

Informatics Student Association

Organization

- First Secretary and Treasurer
- Supervisor of the Research and Development Division.

8/2023 - Present

UMN Tech Festival

Event

- Committee Head of UMN Tech Festival
- Creating and leading the committee for the UMN Tech Festival under the auspices of the Informatics Student Association.

1/2023 - 11/2023

Informatics Student Association

Organization

- Second Secretary and Treasurer
